ABOUT THE EVENT

Please join us for a thought-provoking event, featuring special guest [Rachel Louise Snyder](#), award-winning author and longtime DC SAFE supporter. Rachel's recent [New York Times piece](#) questions the typical decision of domestic violence organizations to keep their shelter locations secret.

With the [recent opening](#) of our new shelter, we look forward to engaging with our community on this important topic. During the event on May 1st, our Executive Director, Natalia Otero, and Shelter Director, Michelle Sewell, will join

Rachel in conversation to explore the transformative power of transparency and community connection in shaping shelter policies.
